colt

Numbers on Demand with Colt Voice APIs

What Makes us Different?

- **Own carrier-grade IQ network** fully resilient and best in class network

- **Pan-European services** in 13 different countries

- **Full regulatory compliance** a wealth of experience in dealing with regulatory compliance

- **APIs & Automated processes** to enable your digital transformation

- **Consistent customer experience** to ease market expansion

Award

*We have been recognized for bringing innovation to the Wholesale Voice market at Capacity's 14th Global Carrier Awards 2018, by winning the "**Best Voice Service Innovation - Mature Market**" award.*

Colt Number Hosting is your one-stop shop to enter wholesale Voice markets: it's quick, cost efficient, simple, consistent, regulatory compliant & fully automated thanks to our APIs.

Take the challenge out of expanding

Remove the complexity in dealing with multiple providers and investing in local processes. Instead, focus on your business by working with a **single partner**.

Colt Number Hosting provides a standardized **Pan-European** Wholesale SIP Trunking solution with On Demand Number Management.

Keep control and automate your business

We provide you the tools you need to manage your business efficiently:
- **API & Web On Demand interfaces** to order phone numbers 24/7
- **Twice daily unrated CDRs** to flexibly bill your end-customers
- **Online VoIP Reporting** to track your voice and data KPIs such as call statistics and network performance

Simplify your go to market

One national interconnect for all your calls

Complete set of APIs to manage your numbers

Same experience across all our countries

Single partner with over 25 years of in-country experience
